Parent/Family Obligations

Our swim team depends on the involvement and efforts of parent volunteers to assist in running our team, meets, and working collaboratively with other teams from the Walkkill Valley Swim Conference to insure the best possible experience for our young swimmers.

As a condition of membership on our team, among other commitments, we require parents from each family to volunteer at no less than three meets. Parents should sign-up at the table during the first few practices of the season; first come, first serve. Families that do not sign up will be assigned jobs. No experience necessary, and training will be provided.

REFEREE: Responsibilities include timely starting of each swim meet; ensuring that the proper number of timers, stroke judges, finish judges and starter are assembled and briefed about the proper procedures to be used in timing and observing the various strokes. The referee is responsible for ensuring that all times and order of finishes are recorded and appear satisfactory prior to signaling to the starter to start the next heat. He/she will be responsible for ensuring that the timers clear their watches prior to the start each heat. In the event a stroke judge disqualifies a swimmer for a stroke infraction, the referee will immediately inform the coach of the swimmer who had the infraction and not until that time will the next heat begin. At the end of each meet the referee will sign the meet's heat sheets as witness that the scores are correct.

TIMERS: Responsibility will be to time the lane you are assigned by the referee. Each swim meets home or away needs one timer per lane plus two backup timers. Timers will start their watches when they see a flash/smoke or hear a sound from the starter's gun. The timers will stop their watches as soon as any part of the swimmer's body hits the pole or dock. If at any time during the heat your watch is malfunctioning or you just missed the start please call for back up. The backup timers will start their watches at the start of each heat just in case someone's watch malfunctions, or the timer missed the start. If the times of any particular group of two timers begins to drift too far apart the referee has the option of asking the backup timer to time that particular lane to determine if the watch is malfunctioning. **DO NOT CLEAR YOUR WATCH UNTIL THE REFEREE SIGNALS YOU TO DO SO.**

STROKE JUDGE: There will be two stroke judges observing all swimmers in each heat. They will ensure that the swimmers are performing the various strokes correctly. If they observe a swimmer performing an illegal stroke, they will indicate this by raising their hand and informing the referee that an illegal stroke has occurred in that lane. The swimmer may be disqualified from the heat. Before becoming a stroke judge you must attend a mandatory preseason stroke clinic. Works with person from opposing team.

MARSHALL: Responsible for ensuring that all the swimmer's are summoned to the on-deck area and arranged into their particular heats. They will ensure that all swimmers are informed of which lane they will be swimming in and will usher each heat to the starting blocks.

RIBBON WRITERS: Responsible for completing the backs of each place winner's ribbon with their name, event, age group, time, stroke, and meet. Works with person from opposing team.
